STRENGTH FOR THESE DAYS
From the Bible

In Thee, O Lord, do I put my trust: let me never be put to confusion.—(Psalm 71:1)

Those who put their trust in God, completely and without reservation—who say "Thy will, not mine, be done" in wondrous faith, shall evermore be calm and strong, free from doubt and confusion.

Announcing the 1961 Ford...
Beautifully proportioned to the

CLASSIC FORD LOOK

An honor to be proud of, this is the medal presented by the international fashion authority, Centro per L'Alta Moda Italiana, to the 1961 Ford for functional expression of *classic beauty.*

The 1961 Ford Galaxie Club Victoria—beautifully built to take care of people

BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

The 1961 Ford introduces a whole new concept of what a car can do for you . . . *and for itself!*

It lubricates itself. New nylon bearings and a newly developed lubricant keep the '61 Ford freshly greased for 30,000 miles. It cleans its own oil. The 1961 Ford's Full-Flow oil filter lets you go 4,000 miles between oil changes.

It adjusts its own brakes. A "mechanical brain" keeps brakes adjusted for the life of the lining.

Rust? Ford's body is specially processed to resist corrosion, even to galvanizing body panels beneath doors.

Ford takes care of itself on the turnpike, too, with a new 390-cu. in. Thunderbird Special V-8 that has all the punch you'll ever need. The 352 Thunderbird Special V-8 and 292 Thunderbird V-8 thrive on regular gas. And, for top economy, you can choose the '61 Mileage Maker Six.

This is the 1961 Ford . . . beautifully proportioned to the Classic Ford Look . . . beautifully built to take care of itself.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

LUBRICATES ITSELF. You'll normally go 30,000 miles without a chassis lubrication.

CLEANS ITS OWN OIL. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

ADJUSTS ITS OWN BRAKES. New Truck Size brakes adjust themselves automatically.

GUARDS ITS OWN MUFFLER. Ford mufflers are double-wrapped and aluminized—normally will last three times as long as ordinary mufflers.

PROTECTS ITS OWN BODY. All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath doors.

TAKES CARE OF ITS OWN FINISH. New Diamond Lustre Finish never needs wax.

ional crises, and eco-
erations.
s a time to reminisce, a
ry nature and the out-
s time of beauty in the
woods around us. Per-
ne pleasant weather of
curs in the Fall, when
days come alive with
of foliage in all their

year extends from the
ember until four days
mas, on December 21st.
er Fall days, the night

will all be longer than the days, a process which always begins at the autumnal equinox, and on the 21st of December, the shortest day of the year will be experienced.

Until September 22nd, the days were all longer than the nights. One reason why Fall is pleasant is because the earth has stored up much heat during the summer and releases it only gradually. Therefore, the nights are not quite as cold in early Fall as they are in early Spring. The nights seem to retain some of the warmth of summer, while the days are not too hot, bringing in the first cool breezes of Fall, whereas in the early Spring the days become hot but the nights are uncomfortably cool.

Fall brings with it, then, a climax of nature, the climax of sports in the United States, and the wonderful outdoor opportunity you should not miss — for the outdoors will not beckon again for most of us until Spring, 1961.

"An Announcement By HENRY FORD II of Importance to Every Buyer of a 1961 Automobile"

"The Warranty On All 1961 Ford Motor Company Cars Is Being Extended To 12,000 Miles Or One Full Year"

The 1961 Line of all Ford Motor Company Passenger Cars will bring to the American Market the finest automobiles ever produced by this company.

Every Ford, falcon, Thunderbird Mercury, Comet and Lincoln-Continental has been styled, designed, engineered and manufactured with three primary goals in mind: (1) Finest Quality, (2) Greatest Durability, (3) Most Reliable Operation.

So confident are we of the success of our efforts to achieve these goals that the written warranty on all 1961 Ford Motor Company Cars is being extended to 12,000 miles or one-full year — whichever comes first.

No other American automobile carries a warranty like this. The previous Ford Warranty, traditoinal in the industry, was for 4,000 miles or three months.

We urge every prospective purchaser of a 1961 car to visit his Ford Motor Company Dealer and learn all about the dealer's new 12,000-mile or one-full-year warranty.

Henry Ford II
President
Ford Motor Co.
